

The diagram illustrates three types of pilotage (Pilotaggio) used in navigation, categorized by the type of signal received by the pilot:

- Pilotaggio tipo A:** Visual pilotage. It shows a pilot receiving a visual signal (represented by a red grid pattern) from a navigational aid (represented by a black triangle labeled '1 E109').
- Pilotaggio tipo B:** Radio pilotage. It shows a pilot receiving a radio signal (represented by a blue grid pattern) from a navigational aid (represented by a black triangle labeled '1 E109').
- Pilotaggio tipo C:** Radio pilotage. It shows a pilot receiving a radio signal (represented by a green grid pattern) from a navigational aid (represented by a black triangle labeled '1 E109').
